

## Yancey County 4-H Newsletter

April, 2021

### Tri-County Chick to Chicken Program

Does your child enjoy working with animals? If so, the Tri-County Chick to Chicken Program is an excellent opportunity for youth to learn more about raising and showing chickens through a hands-on experience!

In this four month program, youth receive two chicks and raise them until the final event of showing them in the Avery County Fair. During the program, youth will attend one workshop per month where they will bring their chickens and work with them, learning how to care for and show them. Click the link below for more information!

### Tri-County Small Animal Program

Does your child love animals but you don't have a large area for them at your home? If so, the Tri-County Small Animal Program is an excellent opportunity for youth to learn more about raising, caring for, and showing rabbits and/or guinea pigs through a hands-on experience!

In this four month program, youth receive a rabbit or guinea pig and raise them until the final event of showing them in the Avery County Fair. During the program, youth will attend one workshop per month where they will bring their animal and work with them, learning how to care for and show them.

NC State University and N.C. A&T State University work in tandem, along with federal, state and local governments, to form a strategic partnership called N.C. Cooperative Extension.

Extension's 4-H program is the largest youth development organization in North Carolina. We help over 247,000 young people grow into active, contributing citizens each year.
